

REMOVABLE SIDE MOUNT TABLE PEDESTAL SYSTEM, 116°

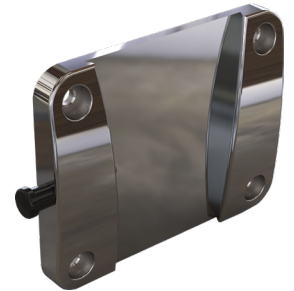

Introducing the new Removable Side Mount Table Pedestal System – a system that makes adding extra space onboard easy and effective. This three-piece assembly includes a mounting base with a spring-loaded, ambidextrous pin, available in a flush or 8° draft design, a polished stainless steel arm mitered and welded at 116° and nylon table support.

FEATURES & BENEFITS

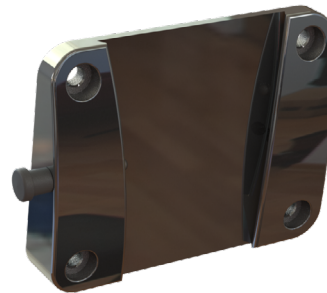

- Easy to remove for clear passage and storage
- Leg manufactured from marine-grade Type-304 stainless steel
- Leg mitered and welded at 116°
- Slightly tapered spade securely locks into mounting base
- 2.25" OD diameter tube
- Type-316L SS Mounting Bracket available as flush mount or 8° draft mount
- 8° draft Mounting Bracket eliminates need for wedge plate to correct side-wall draft angle
- Mounting Brackets feature spring-loaded, ambidextrous pull pin for secure placement, easy application installation and removal
- All stainless components feature polished finish
- Nylon Table Support with 6 mounting holes
