

Installation Instructions

Thank you for purchasing the Weather Seal by TACO Marine. Since 1959, we have taken great pride in offering the highest-quality products with excellent customer service. We stand behind our products 100 percent. Please visit our website tacomarine.com for more detailed information on a wide variety of products and to register your new accessory for warranty.

1. Clean area of all contaminants.
2. If applicable, peel off the release liner carefully.
Make sure it does not remove the adhesive with it.
3. Avoid stretching during installation.
4. Recommended temperature is between 60°F & 100°F.
5. Press down firmly to assure a strong bond.
6. To clean, use a mild solution of soap and water.
7. Use protectant/lubricant periodically to keep pliable.
