

CARBON FIBER TELE-SUN SHADE POLES

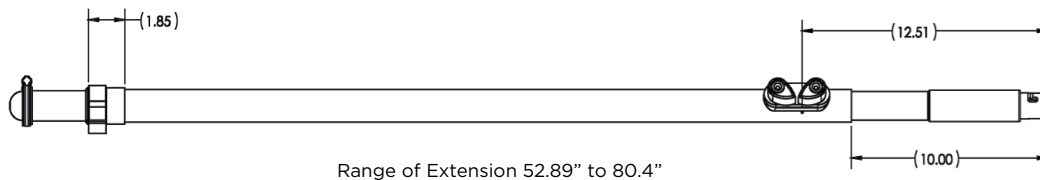

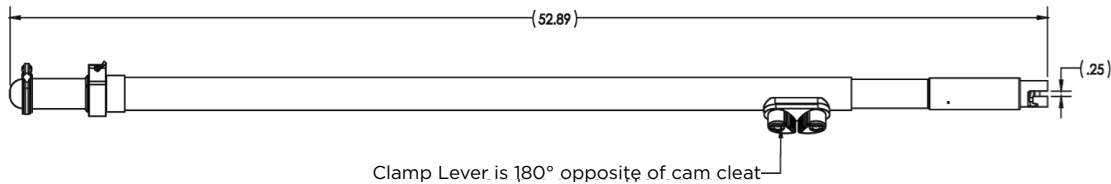

Extend your time on the water and at the sandbar with the Carbon Fiber Tele-Sun Shade Poles! Made from strong, light weight and flexible Carbon Fiber, these poles are easy to install and stow - maximizing time and fun on your boat. Simply insert the poles into your boat's rod holders, secure a sun-protecting fabric to the boat top, attach the fabric connector to the poles and extend the poles into position. The Carbon Fiber Tele-Sun Shade Poles can be mounted to the front or rear of your boat, depending on your preference, and telescope from just over 4' to more than 6' tall.

FEATURES & BENEFITS

- Patent US 10,427,757 for locking mechanism
- Patent US 11,116,197 for 360° swivel collar
- Lightweight Carbon Fiber material with clear, Awl Grip UV-protection
- Built to withstand the harsh marine environments
- Easy installation to deck-mounted rod holders with 1/4" pin
- Cam cleat allows for easy adjustment of line tension
