

SCHEDULE-40 AND 80 ALUMINUM ROUND PIPE

Achieve the ultimate in craftsmanship, artistry, bendability and strength with our aluminum pipe – ideal for the construction of T-tops, tuna towers, leaning posts, poling platforms, bow rails, wake towers, arches and other marine metal structures. The unique properties of aluminum pipe allow fabricators to achieve desired bends and welding while maintaining stability and excellence.

PART #	I.P.S.	OUTSIDE DIA.	WALL	LENGTH	FINISH
