

NYLON TOP FITTINGS

Boat builders looking for more affordable canvas hardware will love our Nylon Top Fittings – manufactured from specialized marine-grade injection-molded nylon that is high-impact and UV resistant to ensure outstanding weatherability and performance for years to come. Using only prime virgin resins, our Nylon Top Fittings will not mildew and are perfect for building and equipping Bimini and canvas tops for OEM or custom boat building needs.

FEATURES & BENEFITS

- Injected-molded gray nylon
- High-impact, UV-resistant and will not mildew
