

## GRAND SLAM 800XL VHF ANTENNA MOUNT

The GS-800XL VHF Antenna Mount was created specifically for boats with hardtops up to 4-1/2" thick to prevent climbing on the boat gunnel to raise and lower a VHF antenna. Easily lift and descend the antenna from the safety of the deck from under the top. Its smooth operation, attractive machined aluminum frame and polished stainless-steel crank handle make this item a must for any boater.

### FEATURES & BENEFITS

- Safe, no-hassle raising and lowering of a VHF antenna
- No more climbing on T-tops or gunnels
- Fits standard 1"x14 threaded antenna base
- Hand crank - no power required
